Dear Frank:

On behalf of the Literacy Volunteers of America-Prince William, Inc. (LVA-PW) Board of Directors, staff, 241 volunteers, and 434 adult learners, I wish to extend my sincere gratitude to you and Azalea Charities for your generous contribution of \$1,000.00 to LVA-PW.

Your charitable support of LVA-PW and our many programs makes so much possible for so many. Our Prince William County community realizes a significant positive literacy impact in terms of job ready people, economic growth, a more skilled labor workforce, voter participation, and a focus on education in the family when adult members of the family make education a priority.

Thank you again for your generous contribution to Literacy Volunteers of America-Prince William, Inc. Together we are making a difference in the Prince William County community!

Sincerely,

A handwritten signature in green ink that reads "Kim".

Frank,
my coworker, Laura, and I each
purchased a box of "side by side"
notecards today online from your
web page. As military spouses, we
both sincerely appreciate all the
more you do for our troops.
