Frank,

I want to thank you in writing for the help you have given my family in a time where we honestly thought we would loose the house like we lost the car. I am a pretty proud man and blame myself for not having worked harder and saved more money when I could work. Now I have a wife that has to be my nurse and my daughter Mother & Teacher due to her hearing disabilities. I never thought in a million years that there were people out there that could care as much as you showed my family in the past week. We received the Wal-Mart Gift Card and the 1<sup>st</sup> thing my daughter said was: "dese this mean I can get shoes that fit for PE Class"

As a father I was left speechless because the next thing was can we get Daddy a ramp so I didn't have to crawl up the back steps when I lose control of my legs. She wanted to make you a thank you card she worked on it and told me that she wanted to put a butterfly on it because even the ugliest of things can become something beautiful. I want to thank you from the bottom of my heart for keeping us focused on the good again when all we saw was the bad as of late. Your organization is truly a Blessing

Thank you, The Davis Family

We love you and you will always have a Place in our Heart.
